2020 WASA/WSSDA/WASBO Legislative Conference

Final preparations are being made for the annual [WASA/WSSDA/WASBO Legislative Conference](#) to be held this weekend, February 9–10, at the Olympia Campus of the South Puget Sound Community College and at the State Capital. Our attendance will again be close to standing room only and we are set to have another powerful event. Registration opens Sunday at 12:00 p.m., theater seating begins at noon and the program will start at 1:00 p.m. The [Conference program](#) begins with an address from State Superintendent Chris Reykdal. He will present his annual State of the State of Education and outline his OSPI priorities and vision for this session. Governor Jay Inslee had a scheduling conflict this weekend; however, Maddy Thompson, Inslee’s Senior Policy Advisor on Education, will present on his behalf. She will discuss the governor’s education priorities, including his 2020 Supplemental Operating Budget request, and provide updates on previous education initiatives.

Continuing with presentations from elected officials, Senator Lisa Wellman (D-Mercer Island), Chair of the Senate Early Learning & K–12 Education Committee, and Representative Mike Steele (R-Chelan), Ranking Minority Member of the House Education Committee, will present their caucus priorities. Additionally, they will provide some insights into what education issues are likely to be adopted—and what issues will stall.

Enhancing staffing allocations in the Prototypical School Funding Model is a major priority for all three hosting associations (and most of the other education associations, as well). We will take some time to review the recommendations of the [Staffing Enrichment Workgroup](#) and hear from four of our members who represented us on the Workgroup last year. They will provide their perspectives on the process; discuss how the recommendations were developed; and talk about the importance of understanding the recommendations and the impacts on your local school district budget should they be adopted.

Your government relations staff will close the afternoon program with a presentation of the annual [Hot Topics](#)—with the advocacy for enhanced **Staffing Allocations** being the focal point. The two other Hot Topics are: supporting **Education Investments**—specifically, special education funding and funding to implement the School Employees’ Benefits Board insurance program—and urging the Legislature to clearly define in statute **Teacher Duties and Expectations**. The Hot Topics briefing will provide attendees with

concise and common messages to take to legislators when attendees rush the Capitol for Monday's "Day on the Hill."

If you are coming to the Conference, please attend the Regional Planning Meetings, which immediately follow the close of the afternoon program. Participating in these meetings is vital to assuring district teams are organized for Monday's legislator meetings. It is important that you know when and where legislator appointments will be held and to coordinate your messages with your colleagues. Members of WSSDA's Legislative Committee have scheduled Monday meetings with legislators; the list of currently scheduled meetings is available from WSSDA [here](#). We also encourage you to stay for the evening reception—good food and good drink with some good friends and maybe one of your legislators. If you have invited your legislators, please make it a priority to attend. When an invited legislator breaks away from his or her family—on a Sunday—to be with you, it is simply bad form not to be there to greet them.

On Monday, we have reserved the Washington Room (in the Pritchard Building) to act as a "home base" to gather for some rest or networking with your colleagues between meetings. The room will be open from 8:30 a.m. until 4:00 p.m. Staff will have copies of an up-to-date legislator appointment schedule. If last-minute changes are made, they will be recorded on a master schedule that you can access at this home base. Additionally, extra Hot Topics handouts will be available.

Please remember that legislative schedules are packed and often in flux. It is possible your scheduled meetings may be moved or even cancelled. If that happens, attempt to meet with the legislators' legislative assistant and/or try to pull your legislators out of Committee. You can even ask the member's assistant if they might be willing to assist you in getting the legislator out of Committee. Some legislators will not leave Committee meetings to meet with constituents or lobbyists, but it cannot hurt to simply ask. As a last resort, if you are completely shut-out of a meeting, at least leave your Hot Topics briefing documents—with your contact information—at your legislator's office, perhaps with a hand-written "Sorry to have missed you" message. Even without a face-to-face meeting, you have an opportunity to have an impact.

Finally, be aware of the [legislative schedule](#) on Monday, February 10. All fiscal committees (House Appropriations, Capital Budget, Finance, and Transportation Committees; and Senate Transportation, and Ways & Means Committees) have scheduled meetings on Monday due to the arrival of the house of origin fiscal committee cut-off on Tuesday. Take some time to stop by a Committee hearing or two to get a flavor of the legislative process in action. If any bills are of interest to you, you might also consider providing some testimony. If you have questions, talk with one of your more-seasoned colleagues or track down WASA, WSSDA, or WASBO staff and we can assist you.

****A SPECIAL NOTE ABOUT LEAVING DOCUMENTS WITH LEGISLATORS AND/OR STAFF:** A recent [Supreme Court decision](#) made legislators subject to the Public Records Act. Legislators are still trying to determine how best to operate under this new system and most of them have decided to go "all digital" and have stopped accepting paper copies of documents from lobbyists and constituents. In order to ensure all legislators (and their staff) receive our priorities, our associations e-mailed the Hot Topics documents to them today. We encourage you to provide the Hot Topics "leave behind" (the [smaller document](#)) with your contact information; however, you may be requested to take the documents with you. If that occurs, you are encouraged to e-mail the documents, with a thank you note, when you return home. It is a great excuse to make an additional contact with your legislators.

Staffing Allocations

This Week in Olympia:
Week 4, February 3–7, 2020

continued

Today, Friday, February 7, the Legislature's first, self-imposed [cut-off deadline](#) arrived. All bills must have passed out of their original house policy committee (that is, House bills out of House policy committees and Senate bills out of Senate policy committees) by today in order to remain alive. This week, most legislative committees had full agendas with some public hearings, but mostly executive sessions to act on bills previously heard. With today's deadline, a tremendous number of the current almost 3,700 bills on the docket died—many with no action and some with either courtesy (or perhaps ineffective) public hearings. Some of them were not ranked highly on the priority list or they simply died for lack of time. Regardless of why the bills died, this automatic weeding-out process will allow legislators (and advocates) to narrow their focus on bills they truly prioritize.

Legislators' attention will now quickly shift to budget-related matters in an effort to act on priority bills prior to the next, rapidly approaching cut-off deadline. All bills that have a fiscal impact must be passed out of their original house fiscal committee (that is, House bills out of the Appropriations, Finance, Capital Budget, or Transportation Committees and Senate bills out of the Ways & Means, or Transportation Committees) by next Tuesday, February 11, in order to remain alive. After that, most of the action shifts to the House and Senate chambers, as each body will hold lengthy floor sessions (along with closed door caucus meetings) to move bills out of their original house before legislative committees resume meeting—this time taking public testimony and acting on opposite house bills. With the arrival of this first cut-off date, it is important to remember that budget bills and bills considered “Necessary to Implement the Budget” (NTIB) are exempt from these early cut-off dates. Additionally, there are several ways to revive “dead” bills. The easiest way is to amend language from a dead bill onto a bill that continues to live. There are also multiple procedural maneuvers available to revive dead bills, including simply waiving the rules that preclude a bill from moving; virtually every rule in Olympia can be set aside if the necessary votes are available to do so. Bottom line, no bill is truly dead until the final gavel falls on the last day of session.

One of the priority bills that died today was [SB 6615](#), and its House companion, [HB 2897](#). Technically, the legislation is budget-related and could be tagged as NTIB; however, as you will note below, that designation will not save these bills. SB 6615/HB 2897 is OSPI-request legislation to establish in statute a phase-in plan to increase K–12 staffing allocations in the Prototypical School Funding Model, as outlined in 2014's Initiative 1351. The bill's phase-in plan would implement the recommendations of OSPI's [Staffing Enrichment Workgroup](#). As recommended by the Workgroup, the bill's phase-in plan would begin by focusing on meeting students' needs for safety as well as mental, social, emotional, and behavioral health. Additionally, the bill would establish a phase-in schedule for additional professional development for all staff, culminating in ten days by the 2025–26 school year.

Enhancing staffing allocations in the Prototypical School Funding Model is the core priority of WASA's 2020 Legislative Platform (and is a major priority of all of the state's education associations). Well-before this session began, it was understood that securing funding for the enhancements we sought (that is, the enhancements school districts NEED) would be an uphill battle. In fact, it was unreasonable to believe that we would achieve complete success, receiving almost \$6 billion, in a short session wherein revenues are limited. Instead, we laid out our need and stated our request, knowing that 2020 was simply the launchpad for 2021 and beyond. After explaining to legislators what school districts needed, we took a pragmatic and strategic approach in this session, asking that legislation be adopted to set up a framework for the future—SB 6615/HB 2897 would have established that roadmap with a phase-in plan—and provide some kind of “down payment” to jumpstart the process. We knew any investment would not (likely could not) be significant; however, ANY investment would have started that

This Week in Olympia:

flywheel moving and would have allowed legislators to show their commitment to finally implementing and funding increased and more realistic school district staffing ratios. In fact, not only would have legislators shown a commitment, it would have shown they were committed to fulfilling an obligation that they laid out for themselves in requiring the Staffing Enrichment Workgroup. The language that required the convening of the Workgroup stated, “the Legislature intends to review and prioritize future staffing ratio increases...strengthening support for all schools and school district staff.” The review has been done. It’s time for legislators to step up.

On Wednesday, SB 6615 had a public hearing in the Senate Early Learning & K–12 Education Committee. We were pleased that the bill would be heard and held out a small bit of hope that it might be on the Committee’s executive action list before the end of today. It did not take long for that hope to be dashed, however. First, the bill was at the end of a long agenda, so time ran short for a full hearing—many who signed in to testify were not called upon, and those who were allowed to testify were limited to 60 seconds. This scenario is not necessarily unique; however, given the high priority of this bill (at least from the education associations), we expected it to be given enough time to have a thorough review and discussion. Even more discouraging was the opening comment by Senator Wellman, Chair of the Committee. When she moved to this bill in the agenda, she called Committee staff to brief the bill, then moved to public testimony. Before she called anyone up, she noted that it is “important that we keep looking at the big picture of what we want to aspire to.” Apparently, legislators just want to talk, rather than act, however, because Wellman also stated flatly, “As you can tell, this is a bill that is not going to move forward this year.”

Again, we hoped that the legislation could be adopted (or at least receive a full and complete hearing) establishing a defined, rational phase-in schedule, along with at least a minor down payment as an expression of legislators’ commitment. Barring some unexpected and unrealistic miracle, this issue will be pushed back a year (at least); however, it remains incumbent upon school administrators to continue to push this issue. There are multiple priority K–12 issues that appear to be set aside without any real action this session; however, many of those issues had legislation introduced and some had public hearings (albeit mostly courtesy hearings), simply because school administrators continued to ask their legislators for help.

The staffing distribution model built in the 70’s simply fails to meet the complex needs of students in 2020. Explain to legislators the budgetary impacts when the staffing allocations you receive are completely outdated and unrealistic. And persist in urging legislators to continue the conversation about staffing allocations (even a work session after cut-off would be better than the treatment SB 6615 received). Ultimate and final success on this issue is a long way away, but the journey needs to start sooner than later. The Legislature has already waited ten years to start this process—how much longer do we have to wait?

2020 Session Guide Released

AEA

By Mitch Denning

This Week in Olympia: Week 4, February 3–7, 2020

continued

On Tuesday, AEA held its annual Day on the Hill. Both associations were well represented, and they had significant conversations with their local legislators and all four caucus leaders on significant K–12 issues.

One of the four AEA 2020 priorities that we discussed with a number of legislators on Tuesday was phasing in the December 2019, recommendations of OSPI's Staffing Enrichment Work Group, which are found in [SB 6615](#). The legislators were interested in our perspectives on the bill.

On Wednesday, we signed pro to testify on SSB 6615 in Senate Early Learning & K–12, but time ran short and we weren't able to talk. Today we're sending an email to the committee members expressing our support for the bill.

AEA believes this is a necessary bill to begin a phasing in process of updating the staffing and funding values of the Prototypical School Funding Model as recommended by the work group. Even though we understand that SSB 6615 is not going to move this session, we believe that communicating our support begins a significant conversation.

WSNA folks at the Day on the Hill discussed two key bills with their local legislators and caucus leaders. Included was [HB 1892](#), elimination of the reduced-price copay for grades PreK and 4–12. WSNA has had an amendment accepted by Rep. Morgan, the prime sponsor, which would begin a phase in with PreK and grades 4–6, but the bill has not yet been scheduled for a public hearing in House Appropriations. With next Tuesday being the cut-off day for fiscal bills out of their fiscal committee of origin, we're now urging Appropriations Committee members to support our efforts to get the bill heard.

In addition, WSNA is watching the path of [HB 2660](#), increasing the availability of school meals provided to K–12 students at no cost, which would expand the federal Community Eligibility Provision (CEP) program. As mentioned in last week's *TWIO*, we testified on January 28, with concerns that eligible districts do not lose funding when moving into the CEP program.

However, the bill did move from House Education as amended yesterday. The Identified Student Percentage (ISP) threshold for mandating the program was raised from 40 percent to 62.5 percent which helps protect some funding for the districts, including LAP funding.

Legislative actions continue. As this is being written, the deadline for policy bills to leave committees has arrived. The next cut-off is February 11, for all bills that have a fiscal or monetary impact—either positive or negative. The Legislature's fiscal committees, Senate Ways & Means and House Finance and Appropriations will be very busy—possibly working this weekend (House Appropriations) and late into the evenings trying to hear all the bills dropped to them by the policy committees.

This Week in Olympia:
Week 4, February 3–7, 2020

continued

Then the big cut-off is on February 19, House of Origin. All House bills must have been voted on and moved to the Senate and vice versa. Then the process starts over with committee hearings and votes—however with a much more rapid pace.

The one thing to remember through all these cut-offs is that they can all be overruled.

Below is a summary of bills that have had some degree of action to date. Given the current deadlines, agendas, and announcements as to what bills are being heard and or acted upon, committees change constantly.

Retirement Related Proposals

Proposed bills dealing with providing a benefit increase to those members in TRS 1 and PERS 1 plans have been introduced.

The Senate Ways & Means Committee Chair Christine Rolfes, held a public hearing on [SB 5400](#), the afternoon of February 7. She indicated that she would like it to be the vehicle continuing a discussion about a cost of living increase (COLA). Ideally, this bill will be exec'd on Tuesday of next week.

This bill is at the request of the Select Committee on Pension Policy. It requires beneficiaries who are receiving a monthly benefit from the Public Employees' Retirement System Plan 1 or the Teachers' Retirement System Plan 1 on July 1, 2019, to receive, effective July 1, 2020, an increase to their monthly benefit of three percent multiplied by the beneficiaries' monthly benefit, not to exceed \$62.50 on the first \$25,000 of benefit.

Its companion bill, [HB 1390](#) remains in House Rules awaiting a move to the House floor for action.

School Employees' Benefits Board (SEBB) Health Related Proposals

There were three bills heard earlier in the session dealing with the School Employees' Benefit Board (SEBB). They take various approaches in dealing with employee and retiree eligibility and district costs. Each has some differences.

[SB 6189](#)—Clarifying eligibility for SEBB coverage.

[SB 6290](#)—Concerning contributions to and eligibility for School Employees' Benefits plan.

[SB 6296](#)—Concerning health care benefits for public school employees.

At this point none have moved. SB 6189's hearing was on a substitute bill that called for a study, but even that bill has shown no further movement.

[HB 2458/SB 6479](#)—Concerning optional benefits offered by school districts.

These bills allow for districts to continue offering some benefits that are not in competition with those offered by SEBB. If SEBB is not providing the benefit, then a jurisdiction should be able to provide it. It was pointed out that these benefits are employee paid. Examples would include VEBA, cancer insurance, auto insurance, etc.

These bills were moved out of their committees. HB 2458 has not yet been assigned to either Appropriations or the Rules Committee. SB 6479 was sent to Senate Rules.

Apparently, the Health Care Authority/SEBB will be suggesting some amendments that are deemed 'technical'. According to SEBB staff, these will clarify that SEBB has sole authority to offer any life or disability products. (Cancer insurance may be an example of a product that only SEBB could offer.) Staff has indicated they are not aware of any technical corrections regarding VEBA's. So, if either bill passes the Legislature, districts could resume offering VEBA's among other potential benefits.

continued

At this point, the proposed amendments need to surface.

Other Bills:

ESHB 1813—Mandates that the costs of contracted employee health and retirement benefits must be built into school district contracts for pupil transportation.

Specifically, the bill digest reads: Requires a pupil transportation services contract to include: (1) Sufficient funds specifically for the contracting employer to provide the employees of the contractor with an employer health benefits contribution equal to the monthly school employer funding rate for the SEBB program, less the retiree remittance for the Public Employees' Benefits Board; and (2) An amount equivalent to the total employer and employee contribution rate to the School Employees' Retirement System, multiplied by the estimated salaries of the employees of the contractor.

The House passed this bill (60/36). It has been referred to the Senate Early Learning & K–12 Education Committee.

Other Bills that may have Fiscal/HR Impacts for Districts

HB 2171—Concerning vested vacation or paid time off upon an employee's termination. If an employer has an established policy, practice, or agreement to provide paid vacation or paid time off, and an employee is terminated from employment by death, reduction in force, resignation, dismissal, or retirement, any of the employee's unused vested vacation time or paid time off must be paid to the employee as wages at the employee's final rate in accordance with the employment policy, practice, or agreement with respect to eligibility and vesting requirements.

This bill is awaiting a hearing before the House Appropriations Committee.

HB 2264—Increases the cap on accrued vacation leave for state employees from 240 hours to 280 hours. This bill is scheduled for Executive Action on February 8, by the House Appropriations Committee.

HB 2304—Concerning shared leave and industrial insurance benefits. This bill removes the requirement that an employee pursue and be found ineligible for industrial insurance wage benefits for shared leave eligibility. Specifies that an employee receiving both types of benefits do not receive more than their full salary. It is scheduled for Executive Action in House Appropriations on February 8.

HB 2614/SB 6349—Concerning paid family and medical leave. This bill is agency request legislation, clearing up some areas with the family and medical leave act, laying out penalty process steps, and clarifying certain issues.

HB 2614 had a public hearing before the House Appropriations Committee on February 3, and is scheduled for Executive Action on February 8.

SB 6349 is in second reading in Senate Rules.

HB 2739—Adjusting certain requirements of the shared leave program. Provides that state employees seeking shared leave due to illness, injury, impairment, or physical or mental condition are not required to deplete all of their annual and sick leave before receiving shared leave. Allows intermittent and non-consecutive use of shared leave.

This bill is in House Rules awaiting further action.

HB 2740—Concerning the employment of individuals who lawfully consume marijuana. This may nor may not affect school districts since all are posted "Drug Free Zones", but it may be worth a look.

Although scheduled for Executive Action on February 4, no action was taken.

This Week in Olympia:
Week 4, February 3–7, 2020

SB 5473—Studying the impact of making unemployment benefits accessible to persons with family responsibilities and other availability issues and making clarifying changes. This bill is in Senate Rules.

SB 6123—Allowing state employee leave for organ donation. Requires agencies to allow employees to take paid leave as needed, not exceeding 30 days in a two-year period, for participation in life-giving procedures.

This bill passed the Senate Ways & Means and will likely move to Senate Rules.

SB 6368—Concerning sick leave for K–12 employees. Leave provided in this proviso not taken shall accumulate from year to year. Such accumulated time may be taken at any time during the school year and may be used for the purpose of payments for unused sick leave in accordance with RCW 28A.400.210.

This bill is scheduled for Executive Action on February 7.
