

## REGION MEETINGS

Providing viable membership meetings is an essential element in the success of any region.

The Region President should take the lead in determining the most suitable meeting format for all WASA members and groups in the region. There likely is a need to vary the format of meetings from region to region, considering the unique distribution of members among components within regions.

### SUGGESTIONS:

Schedule at least two meetings at times available to all members:

- ❑ The first meeting of the year: a reception to welcome new administrators—\$250 is available from WASA to support this activity (invite WASA Executive Director).
- ❑ Award or recognition meeting (includes community recognition, spring banquet).
- ❑ Other meetings could be scheduled for
  - Legislation
  - Issue presentations
  - Co-sponsored events
- ❑ \$1,000 is available to support additional region meetings. The funds can be used on a reimbursement basis for speakers or other resources for professional development.
- ❑ At each WASA region meeting, the agenda should include:
  - WASA Board of Directors' report
  - Component reports
  - Standing Committee reports
