Week 3 – January 22–26, 2018

2018 Legislative Conference

Final preparations are being made for the annual [WASA/WSSDA/WASBO Legislative Conference](#) to be held this weekend, January 28-29, at the [Olympia Campus of the South Puget Sound Community College](#) and at the State Capital. Our attendance will again be close to standing room only and we are set to have another powerful event. Registration opens Sunday at 12:00 p.m., theater seating begins at noon and the program will start at 1:00 p.m. The [Conference program](#) includes an address from State Superintendent Chris Reykdal. He will present his annual State of the State of Education, and outline his OSPI priorities and vision for this session. Governor Jay Inslee will also be presenting his education priorities and his education-focused 2018 Supplemental Operating Budget request.

Returning to the Conference this year with up-to-date information on *McCleary v. State* is Tom Ahearne, lead counsel for the [Network for Excellence in Washington Schools \(NEWS\)](#), the plaintiffs in the education funding case. He will discuss where the case stands and what remains unfinished, with an eye towards K–12 education “beyond *McCleary*.” As a preview to his presentation, Ahearne has put together a one-page summary of case, entitled “[McCleary. 10 years on 1 page.](#)” which provides a high flyover of the background to the case and where we go from here. In addition, NEWS has prepared a [briefing](#) on the next steps in the case. Both documents will be available at the conference as a companion to Ahearne’s presentation.

A major issue for school districts continues to be school construction. The urgency for school facilities funding has become even greater in recent years with the implementation of statewide all-day kindergarten and dramatic K–3 class size reduction requirements. Brian Sims, a WSSDA Consultant who recently retired as the long-time Capital Budget staff lead for the Senate Ways & Means Committee, will be joining us to discuss the continued improvements needed in state school construction assistance. A planned part of the presentation was going to be an appeal to urge the Legislature to promptly adopt a 2017–19 Capital Budget. Fortunately, legislators wrapped up that business last week. (For details, see WASA’s [Week 2 TWIO](#).)

A panel of our association leaders will discuss [EHB 2242](#), the 2017 Legislature’s so-called “*McCleary* Solution.” A major part of our legislative platforms and a major focus

About TWIO

This Week in Olympia is emailed to active WASA, AEA, and WASBO members each Friday during the Legislative Session and is posted on WASA’s website at <https://wasa-oly.org/WASA/TWIO>.

This Week in Olympia:
Week 3, January 22-26, 2018

continued

of this Conference, the panel will share their perspectives on the concerns of the bill as adopted and the importance of understanding the bill's potential impacts on your local school district budget, including some of the implications of collective bargaining. Your governmental relations staff will also provide a presentation of the annual Hot Topics, with a heavy focus on the EHB 2242 amendments we are seeking to ensure the bill can be appropriately implemented. The Hot Topics briefing will provide attendees with a concise and common message to take to legislators when attendees rush the Capitol for Monday's "Day on the Hill."

If you are coming to the Conference, please attend the Regional Planning Meetings, which immediately follow the close of the afternoon program. Participating in these meetings is vital to assuring district teams are organized for Monday's legislator meetings. It is important that you know when and where legislator appointments will be held and to coordinate your messages with your colleagues. Members of WSSDA's Legislative Committee have scheduled Monday meetings with legislators; the list of currently scheduled meetings is available on the [WSSDA website](#). We also encourage you to stay for the evening reception—good food and good drink with some good friends and maybe one of your legislators. If you have invited your legislators, you should make it a priority to attend. When an invited legislator breaks away from his or her family—on a Sunday—to be with you, it is simply bad form to not be there to greet them.

On Monday, we have reserved [Room 112 in the Legislative Building](#) to act as a rest area or network site at the Capitol. (Room 112 is on westside, 1st floor, of the Legislative Building. For easiest access, enter the southeast door of the Legislative Building; the room is just past the Legislative Information Center and the Legislative Gift Shop.) The room will be open from 7:00 a.m. until 4:00 p.m. and will be available for you to meet with legislators, network with colleagues, or to just stop and take a minute to rest (coffee and water will be available throughout the day). Staff will have copies of the legislator appointment schedule and extra Hot Topics handouts available. If last-minute changes are made, they will be recorded on a master schedule that you can access at this home base.

Please remember that legislative schedules are packed and often in flux. It is possible your scheduled meetings may be moved or even cancelled. If that happens, attempt to meet with the legislators' legislative assistant and/or try to pull your legislators out of Committee. You can even ask the member's assistant if they might be willing to assist you in getting the legislator out of Committee. Some legislators will not leave Committee to meet with constituents or lobbyists, but it cannot hurt to simply ask. As a last resort, if you are completely shut-out of a meeting, at least leave your Hot Topics briefing documents—with your contact information—at your legislator's office, perhaps with a hand-written "Sorry to have missed you" message. Even without a face-to-face meeting, you have an opportunity to have an impact.

Finally, be aware of the legislative schedule on [Monday, January 29](#). Multiple Committees have scheduled public hearings, including both chambers' Education Committees (both meet at 1:30 p.m.). Take some time to stop by a Committee hearing or two to get a flavor of the legislative process in action. If any bills are of interest to you, you might also consider providing some testimony. If you have questions, talk with one of your more-seasoned colleagues or track down WASA, WSSDA, or WASBO staff and we can assist you.

EHB 2242 Fixes

As we end the third week of this session, we have seen multiple bills introduced to provide "fixes" to EHB 2242. Three sets of bills have been introduced to provide comprehensive fixes: [HB 2721/SB 6362](#), requested by Superintendent Reykdal ([OSPI Summary](#));

This Week in Olympia:
Week 3, January 22-26, 2018

continued

[HB 2717/SB 6397](#), drafted by WEA ([WEA Summary](#)); and [SB 6483](#), requested by Franklin Pierce, Bethel, and Federal Way school districts.

While including several fixes, SB 6483 would also specifically adjust regionalization factors for Franklin Pierce (from 6 to 12 percent), Bethel (from 0 to 12 percent), and Federal Way (from 12 to 18 percent). Two other sets of bills address individual districts' regionalization: [HB 2366/SB 6447](#) would increase Federal Way's regionalization factor from 12 to 18 percent; and [HB 2810/SB 6494](#) would increase regionalization factors for Olympia (from 0 to 6 percent) and Tumwater (from 0 to 6 percent).

The comprehensive bills above include provisions to provide flexibility in the Learning Assistance Program (LAP). Another set of bills are specifically focused on LAP: [HB 2763/SB 6394](#).

A fourth set of bills deal specifically with the timing of increased salary allocations to comply with the Supreme Court's [November 15, Order SB 6352](#), requested by Governor Inslee, would implement the governor's plan. In short, his proposal would provide \$956 million in the 2018–19 school year to increase staff salaries by September 1, 2018. In order to do this, SB 6352 would adjust school district apportionment schedules. Apportionment payments would be increased in July and August and reduced the rest of the year. The shift would reduce apportionment in Fiscal Year 2019, "saving" \$604 million and provide for an increase in salary allocations of \$762. An additional \$194 million is budgeted in FY 2019 to ensure salary allocations are increased by \$950 million, prior to the Court's deadline of September 1, 2018. Because the apportionment shift would not provide for the full \$950 million, the governor proposes to use reserves from the Budget Stabilization Account ("Rainy Day" fund) in 2019–21. (While this was clearly the plan, we had no specific documents that showed this shift, but assumed the Economic & Revenue Forecast Council would include the proposal in its updated [Four-Year Budget Outlook](#). Earlier this week, the Council met and adopted an updated Outlook. As anticipated, this budget shift is included.) In order to keep reserves "whole," Inslee also proposes to use revenue from a new Carbon Emissions Tax ([SB 6203](#)) to backfill the hole created. The bill, if adopted, would create a Carbon Pollution Reduction Account, where all the revenue generated would be deposited. Although the bill does not mention providing any revenue to backfill the reserve account, language buried in Inslee's budget would require \$1.5 billion to be transferred from this new account to the General Fund in 2019–21, part of which would be used to backfill the hole created from using reserve funds.

In providing the necessary funding to comply with the Court's Order, SB 6352 also makes adjustments to EHB 2242, which effectively eliminate the 2018–19 "transition" year. The requirements for implementation of minimum/maximum salaries and other scheduled implementation dates would shift from the 2019–20 school year to the 2018–19 school year. This would also eliminate EHB 2242's salary limits in 2018–19 (the bill as adopted, prohibits salary increases in 2018–19 beyond the Seattle/Tacoma/Bremerton CPI; Sections 701, 702, and 703).

Another bill (in the fourth set of EHB 2242 fix bills) would take a different approach to complying with the Supreme Court's November 15, Order. [SB 6525](#), sponsored by five conservative Democrats (led by Senator Mark Mullet (D-Issaquah)) and the entire Senate Republican Caucus (minus Senator Michael Baumgartner (R-Spokane)) would provide the required additional dollars for salaries to districts—conditionally. The bill would fully implement the salary allocations contained in EHB 2242 in the 2018–19 school year IF school districts accelerate the implementation of specific accounting and budget transparency requirements contained in EHB 2242. Specifically, the additional funding would be provided if a district, by September 1, 2018: establishes a local revenue subfund of the district's general fund; uses enrichment levies and transportation vehicle

This Week in Olympia:
Week 3, January 22-26, 2018

continued

enrichment solely to enrich the state's statutory program of basic education; provides separate accounting of state and local revenues to expenditures; has an approved expenditure plan, if the district will be submitting an enrichment levy ballot proposition to the voters in calendar year 2019; and has prepared a four-year budget plan for school year 2018–19.

SB 6525 would also reduce local school district levies by an amount equal to the increased state salary allocations that would be made to school districts in school year 2018–19.

There is also another set of bills specifically making amendments to EHB 2242's [School Employee Benefit Board](#). For more information on those bills, please review Fred Yancey's Pension/Health Benefits report later in this *TWIO*.

On Monday, the Senate Early Learning & K–12 Education Committee held a public hearing on a series of the EHB 2242 fix bills: SB 6362, SB 6397, SB 6483, and SB 6394. Committee staff prepared a comprehensive [side-by-side comparison](#) of the bills on the agenda. Prior to opening the hearing, Senator Lisa Wellman (D-Mercer Island) Chair of the Committee, noted that the hearing would be like a “post-implementation audit” of EHB 2242. Several superintendents, other administrators and school board members were on hand to express concerns about EHB 2242 and the need for changes. The supportive testimony was mostly targeted on a few specific issues, but ran the gamut of topics in the bill, from levy/LEA changes, to regionalization adjustments, to LAP flexibility, to salary allocations/staff mix. WASA's testimony was more of a shotgun approach and covered multiple issues. We urged the Legislature to: increase per-student special education funding, via the excess cost multiplier; reinstate a state salary schedule and allocation model that includes some type of staff mix or “experience” factor to ensure consistency, uniformity, and equity across the state; delay implementation of new levy and LEA policy until a more workable and equitable levy reduction plan can be developed; reconsider EHB 2242's regionalization calculation methodology and application to eliminate the great disparity between districts; implement a hold harmless provision that actually protects districts' funding; repeal unintended language which implements an unworkable salary cap for Certificated Administrative Staff; and delay K–3 class size compliance.

The only negative testimony came from the Washington Policy Center, League of Education Voters, and Stand for Children. They defended many of the unworkable changes in EHB 2242 and argued that with a huge influx in funding, school districts should have no complaints. They also argued that the new investments were unfair to charter schools and the bill did not provide for enough “choice” for parents and students.

As anticipated, the Committee moved quickly on EHB 2242 fixes. Following the hearing on Monday, SB 6362 was adopted by the Committee on Thursday. Some of the language or concepts from the other bills were amended onto SB 6362, but the OSPI bill was always expected to be the vehicle for changes. In executive session yesterday, the Committee addressed two Proposed Substitutes. The [first Proposed Substitute](#), from Senator Hans Zeiger (R-Puyallup), included four purely technical amendments. Zeiger noted that each of the changes were issues that were agreed upon last year, but were missed (or messed up) as the final EHB 2242 was hastily drafted in the waning hours before the end of the biennium (the final bill was unveiled on June 29 and adopted on June 30). Senator Andy Billig (D-Spokane) said that he'd agreed with Zeiger's comments that the changes were technical in nature and addressed agreed-to language from last year; however, he noted that two of the issues are addressed in the underlying bill (and/or the second Proposed Substitute), and the other two issues were addressed in other bills. Billig urged the Committee to vote ‘No.’ The Substitute was defeated. There was an unrecorded voice vote, so the final tally is unverified; however, it appeared it failed with all Republicans supporting and all Democrats opposing.

This Week in Olympia:
Week 3, January 22-26, 2018

continued

The [second Proposed Substitute](#) was introduced by Sen. Wellman, was adopted and advanced to the Senate Ways & Means Committee. Many provisions contained in the original SB 6362 were retained and several other provisions were amended (including some language from SB 6397). The following provisions were retained:

- Provisions which require OSPI to report on per pupil expenditures (Section 2);
- Provisions that delay K–3 class size compliance (Section 2);
- Language which removes transportation vehicle enrichment levies from EHB 2242’s local revenue definition, local enrichment levy restrictions, and accounting (Sections 3 & 13);
- Language which clarifies the calculation for Professional Learning Days (Section 4);
- The elimination of language regarding staff mix for tribal schools and charter schools (Sections 8 & 9); and
- Language which limits salary increases in the 2018–19 school year to total school district expenditures on all staff salaries, rather than individual salaries (Sections 10, 11 & 12).

The following SB 6362 provisions were changed:

- Language to provide a state and local revenue hold harmless was maintained, but moved to a different statute (Section 1);
- Language defining “resident student” was eliminated;
- Language regarding the new levy pre-ballot approval process was retained (Section 15);
- Provisions requiring transportation vehicle enrichment levies to be included in the pre-ballot approval process was eliminated (Section 15);
- Language to provide for a 3-year rolling average of student enrollment to qualify for LAP and language allowing schools to receive the high poverty LAP one year after it no longer qualifies (Sections 2 & 5);
- Provisions allowing districts to carry over up to 20 percent of categorical funding (Section 2);
- Language limiting the use of local levies for administrator salaries is retained, but modified. Administrative salaries may not exceed 25 percent of a district’s local revenues (Section 3);
- Language stating that supplemental contracts are subject to limitations on enrichment is retained (Section 3);
- Language from SB 6397 is added to stipulate that school districts are not prohibited from providing overtime for work outside an employee’s normal schedule (Section 17);
- Language from SB 6397 is added to specify the “hourly rate” only applies to time-based supplemental contracts (Section 17);
- Language clarifies the salary inflationary measure changes from IPD to CPI (the pre-2242 factor) (Section 7);
- Language amending the levy and LEA structure is eliminated and replaced with language stating the Legislature’s intent to take action to modify levy and LEA policies in the 2018 session (Section 14);
- Language is added to provide regionalization for charter schools and tribal compact schools (Sections 8 & 9);
- Language to increase the special education multiplier from 0.9309 to 0.9609 (Section 18); and

This Week in Olympia:
Week 3, January 22-26, 2018

continued

- Language stating the Legislature’s intent to provide funding to support school districts’ paid sick leave costs (Section 19).

As introduced, the second Proposed Substitute also included provisions regarding regionalization, using language from SB 6397. This language was struck, with Senators noting that the language contained in the Substitute was not what had been agreed upon earlier. Senator Christine Rolfes (D-Bainbridge Island) said legislators would continue to work on the language and amend the bill later in the process.

The amended SB 6362 was adopted and forwarded to the Senate Ways & Means Committee; however, the bill is not expected to be further acted upon for a while. (It is interesting to note that all six Democratic members of the Committee voted to support the amended SB 6362, while all four of the Republican members neither supported or opposed the bill—they simply voted to refer the bill to the Fiscal Committee “without recommendation.”) On the House side, HB 2721 (the companion to SB 6362) and HB 2717 (the companion to SB 6397) are scheduled to be heard in the House Appropriations Committee on January 31. HB 2763 (the companion to SB 6394), regarding LAP flexibility, is scheduled to be heard at the same time.

AEA

By Mitch Denning

Good news for school nutrition! Last night, Senate Ways & Means approved three amendments to [2ESHB 1508](#), **breakfast after the bell**, including two that were recommended by WSNA. We testified PRO on the bill on Wednesday in Ways & Means, stating that the bill could be improved if they removed an unfunded mandate to ensure that every food item served in a BAB contained less than 25% added sugar, by weight. This requirement is literally an impossible task for most food service departments to comply with.

So, yesterday the committee removed the mandate, and, in its place, approved an OSPI-sponsored amendment which we had talked to them about on Wednesday. OSPI would be directed to offer technical assistance to districts needing help with purchasing breakfast foods that are low in sugar. The OSPI amendment was sponsored by Sen. Ann Rivers (R-La Center).

On January 11, in Senate Early Learning & K–12, we had urged the committee to remove the word “organic” from the phrase “organic gardens” in [SB 6003](#), **breakfast after the bell**. Then yesterday, Sen. Rivers also sponsored an amendment in Ways & Means to remove the word “organic,” as for a garden to be organic it needs to be certified, an arduous process for a school to undertake, which the committee approved.

Along with WSNA’s two amendments, Ways & Means also approved a clarification that breakfast after the bell is not part of the program or funding of basic education, an amendment that Sen. Joe Fain (R-Auburn) had sponsored in 2017.

Finally, Ways & Means took the contents of ESB 6003, now sitting in House Education after passing the Senate last Friday, and moved it into 2ESHB 1508, thus making 2ESHB 1508 the vehicle for possible eventual passage by both houses.

Simultaneously, WSNA yesterday met with 26 champion legislators or their assistants to explain our various positions on nutrition bills. As the day went on and we began hearing about the proposed amendments to 2ESHB 1508 in Ways & Means, our focus turned to the aforementioned issues.

This Week in Olympia:
Week 3, January 22-26, 2018

continued

Also, of interest to WSNA is [HB 2712](#), **elimination of the 4-12 reduced price copay**. It was heard Wednesday afternoon in House Appropriations. Although we support the bill, we question its timing as approximately \$3.7 million annually would be needed to cover this expense. We're concerned with *McCleary* currently underfunded that it should be funded first, as the copay is not part of basic education.

On Wednesday, WAMOA representatives met with 24 individual legislators and their assistants to thank them for passing the **2017–19 Capital Budget**, complete with the reinstatement of the **Small Repair Program** and the continuation of the **Healthy Kids/Healthy Schools grant**. Our comments were well received by the various legislators, particularly with the establishment of the **Joint Task Force on Improving School Construction Funding**, scheduled to begin meeting during the interim with a report due by October 1, 2018. It's a known fact that the SCAP program has been underfunded for a number of years, and hopefully this task force can recommend a pathway to increase state assistance for new construction and modernization of school facilities.

Pensions/Health Benefits

By Fred Yancey – The Nexus Group

“Advocacy is a communicative act. Advocacy is also a persuasive act. “I support this” is usually followed by another statement (sometimes only implied): “... and you should, too.” Advocacy not only means endorsing a cause or idea, but recommending, promoting, defending, or arguing for it.”

John Capecci, Timothy Cage

While The legislature's timeline is moving forward. This is a quick recap on the status of selected bills.

Pension Related Proposals

Cost of Living Adjustments:

Both the Senate Ways & Means and the House Appropriations Committees held public hearings on the various bills addressing the fact that TRS 1 and PERS 1 retirees have not had a cost of living adjustment since 2011. The house only heard HB 2511; the Senate heard all three bills. Neither committee has scheduled any further action on these bills to date. Numerous advocacy groups like the Washington State School Retirees' Association are actively working these bills.

[SB 6290](#) – would grant a one-time 3% COLA for all Plan 1 members. (Its companion bill [HB 2323](#) has had no movement beyond its initial introduction.)

[SB 6305](#) – would grant a one-time 3% COLA on the first \$25,000 of pension to a maximum of a \$750 increase. It would also cap the cost of insurance for retiree to no more than 50% of the premium. (Its companion bill, [HB 2452](#) has had not movement beyond its initial introduction.)

[SB 6340](#) – would grant a one-time 3% COLA on the first \$25,000 of pension to a maximum of a \$750 increase. This is agency request legislation from the Select Committee on Pension Policy which voted 13-2 to request legislative action. Its companion is [HB 2511](#).

Retirement Plan Default:

[HB 1560](#) – would change the present retirement plan default for new hires from Plan 3 to Plan 2.

This Week in Olympia:
Week 3, January 22-26, 2018

continued

This bill is currently in the House Rules' Committee awaiting action to pull it to the floor calendar.

Substitute Options for early Retirees

The Senate Ways & Means Committee had a public hearing for testimony on three bills that could expand the potential opportunities for early retirees to work in school districts. School district personnel, WEA and WSSRA testified in support of these measures.

To date, the only bill to advance is [SB 5310](#): Authorizes a teacher in Plan 2 or 3 who retired under alternate early retirement provisions to be employed exclusively as a coach.

It was scheduled for Executive Action by the Senate Ways & Means Committee on January 24 at 3:30, but no action was taken.

There has been no further action on the other bills dealing with retirees returning to work. [HB 1685/SSB 5487](#): Allows retired principals or teachers to return as teacher mentors or advisors in teacher preparation programs. [HB 5601](#): In addition to returning to work as a substitute teacher in an instructional capacity, a retired teacher who retired under an early retirement option may be employed in an administrative or supervisory capacity without suspension of pension benefits. [HB 2379/SB 6289](#) would allow retired classified employees to return to work under the same restrictions as currently in place for using retirees. Additional retirees and jobs that would be allowed include, for example, bus drivers, paraprofessionals, OT's, PT's and others.

[SB 6185](#) – which would delete the original sunset date for use of retiree as substitutes. (August 1, 2020) has had no further movement beyond introduction.

School district business officials should spend some time reading the following bills to see if there are fiscal impacts on their individual district and practices. They all concern pending changes in benefit plans and compensation.

School Employee Benefit Board (SEBB) Health Related Proposals

The School Employee Benefit Board proposals (See previous [TWIO](#)) had public hearings in both the House and the Senate.

The staff [prepared a chart](#) showing the three proposals and a brief explanation of what they do.

[HB 2438/SB 6241](#) – This bill is a 'clean up' bill requested by the Health Care Authority that just makes the intent and provisions of the original legislation clearer.

[HB 2655/SB 6286](#) – would add one member nominated by the Washington State School Directors' Association and one member from the Washington Association of School Administrators to the SEBB Board.

[HB 2657/SB 6288](#) – would make substantive changes in the original proposal including allowing districts to have their own insurance pool and cover more benefits than currently allowed in the original legislation.

Comment: There was testimony both 'pro' and 'con' on these bills. The issue of allowing districts that have benefit pools or benefit trusts raised an interesting point. If qualified districts opted out of the SEBB there is a potential loss of 90,000 enrollees out of a pool of 144,000 not counting ESD personnel leaving the SEBB risk pool severely depleted and essentially wiping out any potential savings that a benefit consolidation could provide.

On another aspect of the SEBB, it was pointed out to the committee and Health Care Authority (HCA) staff that were present that the Office of the Insurance Commissioner already has a wealth of benefit data collected from school districts. It was hoped that if

This Week in Olympia:
Week 3, January 22-26, 2018

continued

the HCA looked at that data, the coming demands upon districts for benefit data would be less.

Family and Medical Leave

[HB 2702/SB 6338](#) – makes technical corrections requested by the Employment Security Department in the Family and Medical Leave Act passed last session. There has been no further movement since the public hearing.

Other

[SB 6210](#) – relates to the terms under which tribal schools may participate in the state retirement systems as part of a state-tribal education compact. It was scheduled for Executive Action on January 29, but none was taken. The companion bill, [HB 2490](#), has not moved since being sent to the House Appropriations Committee.

[HB 2703](#) – modifies the employment security act to clarify the hours and wages for education employee compensation claims. This may be a sleeper bill that may have unintended consequences for school districts and unemployment costs. See [bill review](#) for more information.

It is scheduled for Executive Action by the House Labor Committee on January 29. Its companion bill [SB 6339](#) is in Senate Rules waiting for action to move to the chamber's floor calendar.

Session Cutoff Calendar

January 8, 2018

First Day of Session.

February 2, 2018

Last day to read in committee reports in house of origin, except House fiscal, Senate Ways & Means, and Transportation committees.

February 6, 2018

Last day to read in committee reports from House fiscal, Senate Ways & Means, and Transportation committees in house of origin.

February 14, 2018

Last day to consider bills in house of origin (5 p.m.).

February 23, 2018

Last day to read in committee reports from opposite house, except House fiscal, Senate Ways & Means, and Transportation committees.

February 26, 2018

Last day to read in opposite house committee reports from House fiscal, Senate Ways & Means, and Transportation committees.

March 2, 2018*

Last day to consider opposite house bills (5 p.m.) (except initiatives and alternatives to initiatives, budgets and matters necessary to implement budgets, differences between the houses, and matters incident to the interim and closing of the session).

March 8, 2018

Last day allowed for regular session under state constitution.

*After the 54th day, only initiatives, alternatives to initiatives, budgets and matters necessary to implement budgets, messages pertaining to amendments, differences between the houses, and matters incident to the interim and closing of the session may be considered.

Bill Watch

TWIO tracks critical education bills each week as they are introduced. Detailed bill information can be accessed by clicking on the bill number. The following is a list of the bills of highest interest to school administrators. A more comprehensive bill watch list is located on the [WASA website](#).

Bill #	Title	Status	Sponsor
