

# The Intersection of Safety & Student Mental Health: Which way do you turn?

Iva Scott, Assistant Superintendent

Patty Glaser, Supervisor of School Safety & Support

Jennifer Tripp, Regional Vice President, Gaggle

# The Challenges

1. How might we improve student safety and wellness through interventions and guidance informed by their digital behaviors?
2. How do we remove barriers of access to mental health services to support student wellness?

**Use of  
technology**

**How are we going  
to ensure that  
students are safe?**

**What data are  
we going to use?**

**What is the data  
telling us?  
What are we going  
to do about it?**

# Use of Technology

## Universal student access

- Chromebooks, Hotspots, Google Suite, Zoom/Meets

## Student Digital Safety

- Gaggle
- GoGuardian
  - filter and a teacher tool to monitor student online activity
- Manage Methods
  - cloud access monitor
- Remind
  - monitored and archived student and family communication outside of Google

## Ensuring student safety

### Challenges

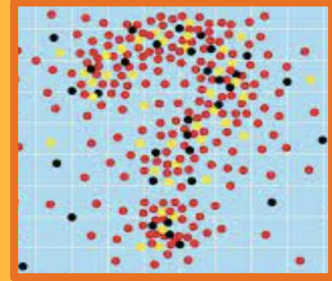

- Authentic student and family engagement
- Responding to student needs in a virtual environment and post pandemic learning spaces
- Guard rails and filters (sensitivity settings)

### Responding to Gaggle and GoGuardian data

- Readiness: Training, Crisis Protocols
- Escalation: Roster aligned Pathways, After-Hours Capacity
- Messaging: Digital Spaces, Wellness, Monitoring, Analytics

# Identifying data sources

## Homeroom data dashboard

- Skyward
- Swiss
- Panorama
- Screeners (BEISY)
- iReady

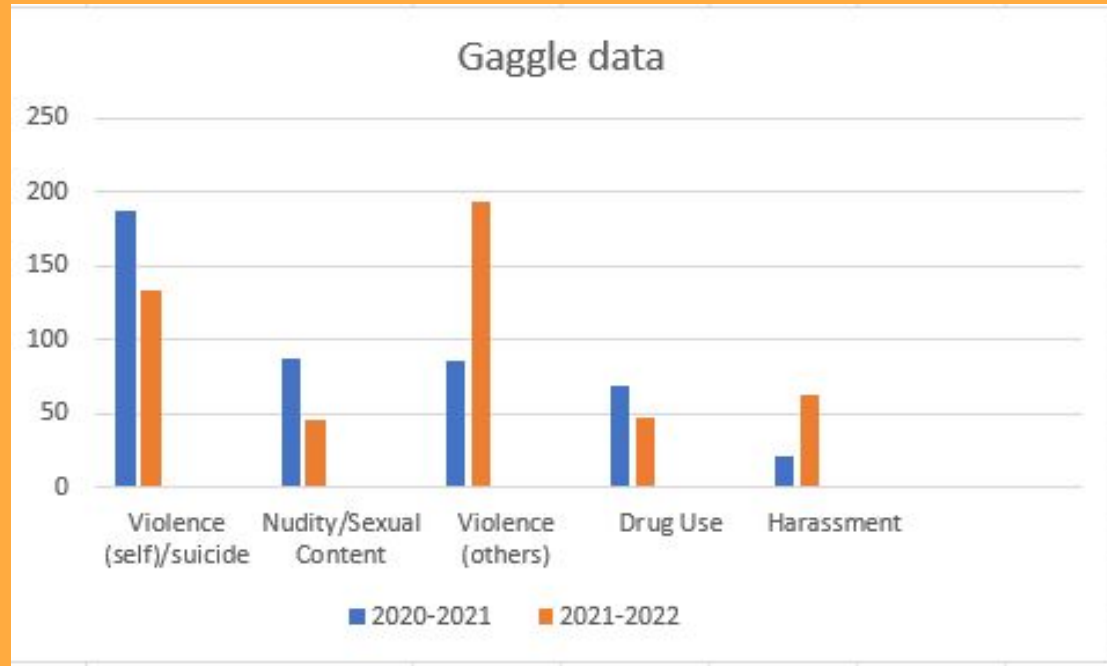

## Shifted focus to in-time monitoring tools

- Gaggle
- GoGuardian
- Manage Methods

## **How Does Gaggle Help**

Gaggle helps you navigate the layers of student wellness students by proactively identifying those who are in crisis as they communicate and collaborate using their district-provided tools.

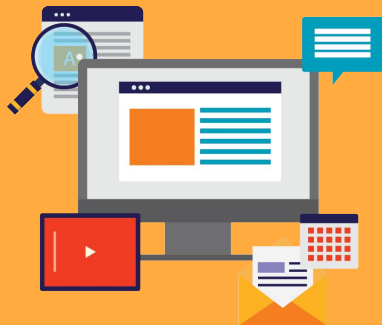

## Gaggle Signals: 2020–21 School Year

Source: Gaggle Safety Management (2020–21) Incident rate increases per 10,000 students compared to the 2019–20 school year

# How It Works

## CONTENT ANALYSIS

**Machine learning technology** flags concerning content in students' school-issued accounts for review and blocks potentially harmful content

## EXPERT REVIEW

Gaggle helps districts **see the early warning signs** so they can take action to protect students from harming themselves or others—before it's too late

## RAPID RESPONSE

In severe situations, district-appointed contacts are **immediately notified** by phone, even after standard business hours
