Next Steps To Align Systems

District Wide -

- Each building work on [MTSS Fidelity Rubric](#) with leadership team to identify areas of strength and opportunities.
 - Utilize [MTSS Rubric Summary](#) to determine next steps
- Implement an MTSS leadership team that includes special education
 - [District Assessment Capacity](#) - January 2023

Comments or Questions?

- AIMS has given our district the tools to move forward with MTSS at a pace that is manageable for the team and/or each building.
- Allows for the same language and understanding of practices.
- There is no defined starting point - but rather where the team and/or building feels the most comfortable.
